HUMBLE MEMORIAL OF

B. Lingappaya, Acting Clerk,
Collector's Office, Mangalore, S.K.

Dated 18 June 1937.

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~exempted~~ selected by the Madras Public Service Commission in the year 1935 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy, ~~Unemployed~~ after the lapse of 2 years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the orde cancelled or the vacancy terminated with the result that they are helplessl stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist beg leave to make the earnest appeal that the Government may kindly conce measures for alleviating the sufferings and hardships of the Madras Publi Service Commission Candidates of South Kanara District and be just an generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 yea for any of the Madras Service Commission Candidates to get permane appointments, all clerks be compulsorily made to retire when they have put 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of yo humble Memorialist and many others in the same category getting permane appointments are distressingly remote, the question of counting the continuc service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

For which act of Kindness and Generosity, Your Memorialist

begs to remain,

Dated 18th June 1937.

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~unemployed~~ selected by the Madras Public Services Commission in the year 193 / for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Services Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy ~~Unemployed~~, after the lapse of 6 years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Services Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Services Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Services Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. (g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Services Commission Candidates of South Kanara District and be just and generous enough to:—

(i) to issue instructions to the Heads of Departments that no extension of service be granted to those who have attained the age of 55 and are eligible for full pension under the rules.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

HUMBLE MEMORIAL OF

P.Narayanan Nair, Acting Clerk,
District Election Office,
South Kanara, Mangalore.

Dated 20 th *June 1937.*

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~exempted~~ selected by the Madras Public Service Commission in the year 193 2 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy ~~Unemployed~~, after the lapse of 5 years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Service Commission Candidates of South Kanara District and be just and generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 years for any of the Madras Service Commission Candidates to get permanent appointments, all clerks be compulsorily made to retire when they have put in 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

HUMBLE MEMORIAL OF
M. Upendra acting clerk
Taluk Office, Mangalore.

Dated 20th June 1937.

95·5921·37

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~selected~~ exempted by the Madras Public Service Commission in the year 193... for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk ~~in a short term vacancy~~ ~~Unemployed~~, after the lapse of 7 years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent ooting in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggravated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Service Commission Candidates of South Kanara District and be just and generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 years for any of the Madras Service Commission Candidates to get permanent appointments, all clerks be compulsorily made to retire when they have put in 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

For which act of Kindness and Generosity, Your Memorialist

begs to remain,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~accepted~~ selected by the Madras Public Service Commission in the year 1932 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy, ~~Unemployed~~, after the lapse of 5 years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~exempted~~ selected by the Madras Public Service Commission in the year 1935 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still ~~an acting clerk in a short term vacancy~~ Unemployed after the lapse of 1½ years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Service Commission Candidates of South Kanara District and be just and generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 years for any of the Madras Service Commission Candidates to get permanent appointments, all clerks be compulsorily made to retire when they have put in 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

HUMBLE MEMORIAL OF
K.K.Vasu, Acting clerk,

Office of the Deputy Registrar of Co-operative Societies, Mangalore

Dated 22nd *June 1937.*

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~xxxxxx~~ selected by the Madras Public Service Commission in the year 193 2 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy ~~xxxxxx~~, after the lapse of 5 years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Service Commission Candidates of South Kanara District and be just and generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 years for any of the Madras Service Commission Candidates to get permanent appointments, all clerks be compulsorily made to retire when they have put in 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

For which act of Kindness and Generosity, Your Memorialist

begs to remain,

Your most obedient and humble servant,

HUMBLE MEMORIAL OF

K. Raghunatha
acting Clerk, Sub
Registrar's Office
Karkala.

Dated 21st June 1937.

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~exempted~~ selected by the Madras Public Service Commission in the year 1934 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy ~~Unemployed~~, after the lapse of ~~three~~ years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his /

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very iberal and lavish grant of extension of term to retiring hands thus still further eopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

(g) That your humble Memorialist and similar other acting clerks in this District are put into innumerable difficulties when they have to join a new post on their re-appointment after a break in service for want of vacancies, as, in many cases the vacancies in which they are thus appointed are so short that the emoluments they receive do not recompense the expenses incurred by them to join the posts. Besides, instances are not few wherein, when candidates after receipt of the appointment order, come to join the post they find the order cancelled or the vacancy terminated with the result that they are helplessly stranded in a strange place with no means to return home.

2. That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Service Commission Candidates of South Kanara District and be just and generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 years for any of the Madras Service Commission Candidates to get permanent appointments, all clerks be compulsorily made to retire when they have put in 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

HUMBLE MEMORIAL OF

O.C. Kunhikannan Nayar,
Acting Clerk,

Mulki

Dated 20th June 1937.

RESPECTFULLY SHOWETH,

That the grievances and hardships of the Memorialist described herein below may be sympathetically considered, and the redress and relief he prays for be granted to him under the following among other circumstances:—

1. *(a)* That your humble Memorialist is one of the candidates ~~exempted~~ selected by the Madras Public Service Commission in the year 1932 for appointment in the Madras Ministerial Service in South Kanara District.

(b) That while anticipating permanent vacancies, the Public Service Commission held out radiant hopes to the candidates who were to come out successful at the selection examinations; but it is extremely disconcerting and heart-rending for your humble Memorialist to find himself still an acting clerk in a short term vacancy, ~~Unemployed~~ after the lapse of five years, while his brother candidates selected for other districts along with him and even in subsequent years, have almost all been provided for, and many even confirmed.

(c) That the miserable plight of the Madras Service Commission candidates selected for this District was caused mainly by the indiscriminate entertainment in various departments in this District of Settlement Clerks who were discharged after the closure of Settlement Work in South Kanara District (a number of them being allotted by the Board of Revenue and a still greater number by the heads of departments on their own motion), without the least consideration of the large number of the Madras Service Commission Candidates remaining to be absorbed, or of the smallness of the District and the few vacancies that might arise yearly. Thus the chances of the Memorialist and his

brother candidates selected for this District (102 in number) to get a permanent footing in Service are remote, and if, as stated in a recent Government Communique, all the Settlement Parties in the Presidency are abolished and if a number of those discharged hands are allotted to this District, it will not be a matter of surprise at all if some of them get their confirmation only about the time of retirement.

(d) That these pitiable circumstances are aggrevated by the very liberal and lavish grant of extension of term to retiring hands thus still further jeopardising the interests of the Madras Service Commission Candidates and prolonging their unmerited miseries.

(e) That after the abolition of groups in 1934, candidates are shifted from one department to another frequently, and hence they do not and cannot expect to continue in any one Department for a long time. As a result it is well-nigh impossible for them even to qualify themselves in any Special or Departmental tests and thus improve their conditions.

(f) That the exclusion of candidates selected by the Madras Service Commission from appointments in vacancies occuring in the Judicial Department is again a set-back for these candidates in as much as those selected in 1931 and 1932 for the said Department had to be subsequently entertained in other departments thus narrowing down the chances of those candidates selected in later years.

That in the foregoing circumstances your humble Memorialist begs leave to make the earnest appeal that the Government may kindly concert measures for alleviating the sufferings and hardships of the Madras Public Service Commission Candidates of South Kanara District and be just and generous enough to:—

(i) Order that, in view of the fact that it may take 10 or 15 years for any of the Madras Service Commission Candidates to get permanent appointments, all clerks be compulsorily made to retire when they have put in 25 years' pensionable service.

(ii) Reconsider, in view of the fact that the chances of your humble Memorialist and many others in the same category getting permanent appointments are distressingly remote, the question of counting the continuous service of acting clerks towards pension which was recommended last year by the Board of Revenue and almost all the Collectors.

(iii) Lay down that a fair number of candidates in the existing lists who still remain unemployed now, be allotted to the Judicial Department instead of conducting a separate examination for selection of candidates for that Department.

(iv) Issue instructions to the Board of Revenue and to the Heads of Departments in South Kanara to the effect that no more ex-Settlement or other exempted candidates be allotted to this District which is already overburdened with such candidates.

(v) Promulgate proceedings preventing the transfer of clerks from other Districts for permanent vacancies occurring in the various departments of this District.

(vi) Re-introduce the system of allotting candidates permanently to each department (viz., group system) as was in force before the year 1934.

(vii) Amend the Madras Special Pay and Allowance Rules so as to extend the grant of T. A. to acting clerks who sustain break in their services for want of vacancies and are subsequently re-appointed, for the journey performed by them to join that new post.

For which act of Kindness and Generosity, Your Memorialist

begs to remain,

Your most obedient and humble servant,

Indian Catholic Press, Mangalore

To The Secretary to the Government of Madras,
REVENUE (REGISTRATION) Department.

Sir,

ENDORSEMENT.

Submitted.

2. The petitioners are acting clerks of this department selected by the Madras Public Service Commission on the results of the competitive examination for the appointment in the Madras Ministerial Service in South Kanara District. They request

i. that permanent clerks who have put in a service of 25 years qualifying for pension may be compulsorily retired;

ii. that continuous service put in by acting clerks may be counted towards pension;

iii.

iii. that some of the acting clerks borne on the list of approved candidates selected by the Commission may be allotted to the Judicial Department;

iv. that candidates exempte[illegible]blic Service Commission from appearing for the competitive examination and clerks discharged from the Settlement Parties after the settlement operations are over should not be allotted to the South Kanara District;

v. that transfer of clerks from other districts for vacancies in the various departments of South Kanara District should be prohibited;

vi. that the group system of allotment should be revived; and

vii. that travelling allowance should be allowed to acting clerks who sustain break in service for want of vacancies and who are subsequently appointed. (A)

3. My remarks on the above points are offered

slow:-

equest

i. Apparently, the request has reference only to the South Kanara District. The question is a general one and it will be invidious to apply the rule suggested to one particular district for the sake of these acting clerks;

ii. Is inadmissible under the existing rules.

iii. May perhaps be considered.

iv. This request is selfish and does not stand to reason, as the other persons also will have their own grievances if they are shut out as suggested by the petitioners.

v. This is not feasible in the interests of efficiency and administrative convenience; further, such transfers will only be occasional and in public interest alone.

vi. As the system of grouping of offices was tried and found to be complicated and causing practical inconvenience, it was, on the suggestion of the Commission, abolished in G.O.No. 634 Public (Services) dated 15-6-1934. The revival of a system which was once tried and given up, does not appear to be necessary. (D)

vii. This is a general question affecting all departments.

3. In the memorials at pp 37, 43 and 51 Ci, one of the requests is that the scheme of Direct recruitment of Proby R Is sanctioned in Govt No 382 Rev dt 15.2.37 (G) should not be applied to the S. Kanara District. The scheme has not been applied to Madras and the Nilgiris. It seems that S. Kanara Candidates be treated on the same

footing as Radar and the Nilgiris. Under the Scheme mentioned above, the direct recruitment of P.R.I is to begin in South Kanara from 1938-39 and one P.R.I is to be recruited every two years for each District. The recruitment is to be made to the upper division which is a selection Category. When passing orders on the Scheme of direct recruitment of P.R.Is, the Govt had in view the question as to how far such recruitment would affect the prospects of men already in the Dept. There seems to be no reason to reconsider those orders now. para 19 on at p 13 of (G)

The Govt. may agree with the I.G. in his views relating to requests (i) & (ii) and (iv) to (vi). The petitioners may be informed that the Govt see no reason to comply with their requests.

Request No. (vii) p. 3 ante. As regards the request for the grant of T.A. to ag. clerks for journeys performed to join new appointments after an interruption subsequent to the termination of the previous appointment, it is submitted that it may be rejected.

2. There remains to be considered only request No.(iii) i.e., that some of the acting clerks borne on the list of approved candidates might be allotted to the Judicial Department. It is understood that the framing of separate rules for the Judicial Department is under consideration in the Public Department. The remarks of the Home and

Please see the petition at pp 3-5 C.F. and the Revenue Department's notes at pp 1-2 ante. Similar petitions have been submitted by acting clerks in the other departments of Government in the South Kanara District. The requests of the petitioners in para 2 at pp 4-5 C.F. are noted on below:-

RP)-124 CF

(i) Under rule 56(b) of the Fundamental Rules a ministerial servant may be required to retire at the end of 55 years but should ordinarily be retained in service, if he continues efficient, up to the age of 60 years. The normal age of recruitment is 25 and a ministerial servant thus serves 30 to 35 years to earn full pension. The request of the petitioners that the clerks in the South Kanara District should be compulsorily retired after 25 years pensionable service cannot be complied with. In this connection please also see para 2 of the Collr's letter at pp 3-4 of memo No. 152/B-1 dt. 29.6.37 stating that extension of service

(ii) This has already been considered last year and negatived - Vide portion marked B at p.1 ante.

(iii) A similar request from clerks discharged for want of vacancies in the Malabar district was considered last year. The Hon'ble the Judges however insisted on the candidates possessing short-hand as well as language qualifications for appointment in Civil Courts.- Vide pp 1-3 and 57-59 of G.O. No.1384 Public (Services) dated 15th August 1936. If any of the petitioners in the South Kanara district possess the above qualifications and are willing to be transferred to the Judicial Department the Commission may be addressed as at A on p.8 of the G.O. The Board of Revenue may first be asked to get a report on the point from the Collector who maintains the

list of candidates selected by the Commission.

(iv) This request cannot be complied with as discharged Settlement clerks with long years of service have to be provided for in other departments of the Government in the districts - Vide G.O. 911 Revenue dated 23-4-1936.

(v) There is no information whether clerks are being brought from outside for permanent appointments in the South Kanara district. There is no reason to believe that clerks are so transferred to the District from outside. As regards employment of Settlement clerks please see (iv) above.

(vi) The group system which was in force before 1934 was abolished in G.O. No.634 Public (Services) dated 15-6-34. The question of permanent allotment of candidates to departments to obviate the hardships adverted to in para 1(e) on page 4 C.F. is under consideration in this Department. A draft order has been sent simultaneously to all Departments of the Secretariat - Vide draft at (k). Replies are yet due from 3 Departments.

(vii). This cannot be complied with. Finance may see as regards this request.

A copy of the printed memorial received in this Department has been added at pp. 125- 127 c.f.

A file containing similar printed memorials from clerks employed in the Registration department in the District (S.Kanara) since received from Revenue is also linked.

The files may be sent to/Finance for remarks before return to Revenue.

This Dept. is concerned with the request of the petitioners that some of the acting clerks borne on the list of approved candidates might be allotted to the Judl.Dept. Submitted that this Department may agree with the suggestions of the Public (Genl.) Dept.under item (iii) on pp. 3-4 ante.

2. The rules relating to the Judicial Subordinate Service are separately under consideration. No provision has been made in those rules for the absorption in that service of clerks retrenched in other departments. There appear to be no need to make an exception in the case of acting clerks of the Registration Dept.,South Kanara and make a special provision in the Judicial Subordinate Service Rules for the absorption of these clerks in that service. With these remarks, the file may be returned to Public (Services) Dept.

The case has been sent to this Deptt. for remarks on the request made by some acting clerks in the South Kanara Dt. that the T.A. rules may be amended so as to extend the grant of T.A. to them, when they sustain breaks in their services for want of vacancies and are subsequently appointed, for the journey performed by them to join the new posts. Public (Services) have remarked that this request cannot be complied with.

Cf (VII) on P5 of F

2. When a clerk is discharged for want of a vacancy and is reappointed on the occurrence of a vacancy, it is not a case of transfer and so, the clerk is not eligible for any t.a. for the journey performed by him to join the new post. Such cases are not few and the grant of t.a. in all the cases will involve considerable extra cost to Govt. It is submitted that the present is not an opportune time to liberalise the existing rules. Finance may therefore agree with Public that the request of the clerks cannot be complied with.

Order ~~Resolution~~ Ms. ~~Rout.~~ No. 1989, dated 1-10- 1937

Note

The govt. ~~accepts~~ to pass the following orders on the memorials submitted by certain acting clerks employed in the Revenue and Registration departments in the South Kanara District:-

(1) Compulsory retirement of clerks after a pensionable service of 25 years:- The govt. see no reason to comply with the request. However there is a temporary block in the lower clerical grades in the South Kanara District, extending

service beyond the age of
superannuation should not ordinarily
be given. The Board of Revenue
is requested to intimate their
views of S. Kanara accordingly.

(ii) Allotment of Candidates
to Judl. Depts:- The Govt
are prepared to consider
a question of allotting some
of the memorialists ~~to the Civil Courts~~
~~Districts~~ for appointment in
Civil Courts if they possess
qualification Candidates not necessary
Kannada i.e. ~~not known~~ as language
& qualification for appointment
~~in the Civil Courts~~
~~such~~ Courts, and if they
are willing to be transferred to
the Judicial Depts. The Board is
requested to obtain a report
from the Collr of S. Kanara
in the matter and to address
Govt. if necessary.

(iii) Re-introduction of the
Cadre system The question
of permanently allotting Candidates
to Depts to obviate the
hardships resulting from
the ~~Candidates for appointment~~

shipping of Dockmen
~~being shifted~~ from one dep
another is under the
Consideration since Sept.

2. The Govt see
reason to Comply with
the other requests of the
memorialists.
